

Greetings:

I have been appointed as publicity chairperson for the Historical Preservation Society of Upper Township. Over recent years we have neglected to send you notice of current events for you to put into your media's calendar and also to inform you when we have an event that you might wish to publicize.

We have three events scheduled for March:

**March 8** -

Our regular March covered dish supper and show and tell will be held at 6:00 PM at the Church of the Resurrection in Marmora. We are trying something new this year. Members are asked to bring a friend or friends as well as a covered dish. The Board of Trustee's will be supplying pulled pork and roast turkey as well as deserts. So please bring pasta, breads, vegetables or salads.

**March 18** -

Our annual Kindergarten Day will be held at the Friendship School on Friday March 18 with a rain date scheduled for March 25. This is a delightful event in which each of the local kindergarten classes is bussed to the restored school, circa 1830, where society members in costume teach the children about going to school in the good old days. (Some pictures from the 2008 Kindergarten Day can be found on our website, [www.uppertwphistory.org](http://www.uppertwphistory.org), in the summer issue of our newsletter the SHOUT.)

**March 12** -

For your reporter's information, if you wish to photograph this activity, but please do not put it on your calendar of events as it is not open to the public:

At 9:00 am on Saturday the Master Gardner's will be holding a class/workshop at the Gandy Farmstead. This year they will be pruning our grape vines. Betty Marshall who does all the pruning at Natali's Vineyard in Goshen on route 47 will be teaching the class.

The association maintains 3 historic sites:

The Friendship School  
859 South Shore Road (Route 9)  
Palermo in Upper Township

The Gandy Farmstead  
26 Tyler Road (Route 616)  
Greenfield, in Upper Township

The Tuckahoe Train Station  
Railroad Avenue and Mill Road  
Tuckahoe, in Upper Township.

Sincerely,
